

MEMBER-TO-MEMBER DISCOUNT PROGRAM

Increase your company's exposure by participating in the Member-to-Member Discount Program

The Chamber promotes an exclusive member discount program. Approximately a hundred members offer discounts on products and services to our 500+ members, representing over 40,000 employees. These discounts also apply to employees of members as well and encouraged to utilize them! The discounts are consistently updated on our website under Member Advantages/Member Discounts. Visit our site at www.gfachamber.com

Now is the time to modify your discount on your needs, products/services so that all Chamber Members will have an accurate, up-to-date copy of this information. This is an excellent way to direct members and their employees to your business location.

We will offer these benefits exclusively to our members. The following guidelines have been set:

1. The discount/offering must be beneficial and have value.
2. The offer must be exclusive to Chamber members - not available to the general public.
3. The discount should be over and above the process offered to the public.
4. All offers must be valid unless written notification to the Chamber has been submitted.
